Instructions for Abstract Preparation

The abstract should be word processed, using MS Word, in 12-point Times New Roman font. The title should be in bold. List authors' full names with middle initials and degrees. List authors' affiliations with a limit of one affiliation per author. The body of the abstract should be no more than 300 words and must be limited to the space of this page. Do not include references, illustrations, funding sources, tables, or figures. Abstracts should include a brief introduction describing the background for the research, the objectives, methods, results, and conclusion. An example abstract is shown below.
